### COLLEGE TAX HIKE GETS MAJORITY IN SATURDAY ELECTION

INCREASED REVENUE WILL BE AVAILABLE FOR NAVARRO COUNTY SCHOOL

Incomplete, unofficial returns from the election held in Navarro county Saturday indicated approval of the proposition for hiking the tax levy for the maintenance, construction and support of the Navarro Junior College from 10 to 20 cents on the \$100 valuation.

The added revenue will approximate \$20,000 since the tax rolls of the county are slightly in excess of \$200,000.

The board of regents of the college will meet Friday and officially canvass and declare the results. Unofficial returns were received at 7:15 p. m. and 7:20 p. m. There had been 31 boxes tabulated at 8 p. m.

A number of precincts voiced disapproval of the additional tax. Angus cast 12 votes—all against the measure as were Chaffin's 10, Rushing's nine, and Birdson's 1. Dawson, however, led the field in number of votes and also in opposition. This Southwest Navarro precinct reported 150 votes, the only one with 100 or more. It favored the tax and 132 opposed it. Ward 2 in Corsicana was the only city box voting against the measure, 17-20.

Roane For Hike.

Roane's 13 precincts all were for the hike as well as were the 11 from Emhouse, while Powell turned in 28 for and one against for a decisive margin. Petty's Chapel turned in four for and none against while Phillips' Chapel's four were divided 2 and 2. Winkler voted four for and none against.

Vote By Town.

Following are the unofficial results:

Oak Valley, 5 for, 9 against; Eldorado, 6 for, 4 against; Powell, 28 for, 1 against; Roane, 13 for, none against; Ward 4, 57 for, 26 against; Angus, none for, 12 against; Chaffin, 7 for, 11 against; Ward 3, 61 for, 36 against; Ward 1, 6 for, 2 against.

### Indonesians Appeal To U.N. For Aid As Dutch Bomb Capital

By STANLEY SWINTON  
BATAVIA, Java, July 21.—(AP)—President Soekarno said by radio tonight the Dutch were attacking his Indonesian Republic by land, air and sea. He appealed to the world to force the United Nations Security Council to take up the issue.

A Dutch communiqué said Dutch warplanes had attacked Republican airfields in Java and Sumatra and that Indonesian fighter planes were ready for action.

The Dutch, declaring they would not attack either the civil population or non-military objectives, are attempting to immobilize the anti-aircraft guns at the fields and the Republican air force, believed to number about 40 obsolescent Japanese planes, many in poor repair.

The Republican radio, over which Soekarno appealed, said Dutch artillery had opened fire south of Bandjeng, 100 miles southeast of Batavia. The report said two Dutch planes using rockets attacked Tasik, Malaya, in West Java, and that other Dutch aircraft had strafed a Soerakarta-Straden railway train.

The United States and Great Britain made an offer to their "good offices" to try to effect a settlement. Washington and London officials followed the explosive situation closely. The British foreign office expressed "the keenest disappointment" over the breakdown in negotiations.

The Dutch government said it was using its armed forces reluctantly to establish conditions "more favorable" to the implementation of the Charter independence agreement.

The Dutch foreign office, in memoranda handed to U. S. and British ambassadors, said the Soekarno government was "totalitarian in inspiration," kept hostages and lacked full support of the island people.

By HARRIS JACKSON  
JOGJAKARTA, Java, July 21.—The Indonesian republican capital experienced its first air attack of current hostilities tonight when four Dutch planes flew over the outskirts. At least five explosions were heard above the moan of air raid sirens.

The planes appeared five minutes after Premier Mr. Soekarno concluded a radio address accusing the Dutch of waging a "colonial war."

The premier watched the raid calmly from steps of the presidential palace on the main street, while crowds hurried to shelter.

First unofficial reports from the airport, which apparently was the target, said fires were started and that some persons were injured seriously.

### Greeks Report Hit, Run Guerrilla Acts On Yugoslav Line

By L. S. CHAKALES  
ATHENS, July 21.—(AP)—Press dispatches reported today that guerrilla bands had attacked two points in northern Greece near the Yugoslav border, and that in each case they withdrew after battle to Yugoslav territory.

Greek troops pursued harassing action against leftist forces in the mountains near the frontier of Albania, Yugoslavia's western neighbor, after repelling the offensive against Konitsa last week.

### CONTINUOUS SESSION OF SENATE POSSIBLE IN VOTE FRAUD ROW

ADJOURNMENT PLAN IS ENDANGERED BY DEMAND FOR PROBE OF PROBE

WASHINGTON, July 21.—(AP)—Republicans canvassed their strength today to determine whether to attempt a continuous senate session in order to force a decision on investigating Attorney General Clark's handling of Kansas City vote fraud charges.

Democratic strategists said their members are prepared to talk at length in a move to block a vote they fear would approve an investigating resolution by Senator Kem (R-Mo.).

These senators told reporters they think the Republicans will abandon the Kem proposal rather than delay adjournment of congress beyond next Saturday.

Determined to Adjourn.

Senator Wherry of Nebraska, the Republican whip, said he thinks the Republican leadership is determined to adjourn Saturday even if the Kem resolution still is blocked.

Kem, who consented reluctantly to having his resolution sidetracked several times last week in favor of other legislation, told a reporter in advance of today's session:

"I will not again allow it to be put aside."

With Saturday's adjournment goal only five days off, Senator Wherry (R-Nebr.) cautioned his colleagues to be ready to stay all night if that is necessary to dispose of the question. Wherry as GOP whip is charged with keeping party members in line for votes on major issues.

Senator Hubert of Ohio, chairman of the Republican policy committee, promised Kem "a clear field" today.

Taft has accused Democratic senators of staging a "near filibuster" against Kem's resolution.

### President Sees Prosperity But Fears Inflation

WASHINGTON, July 21.—(AP)—President Truman said today the nation has surged to a pinnacle of "unprecedented prosperity" but must strengthen its defenses against inflation.

In a special mid-year economic report to congress, the chief executive declared that production now is running at a rate of \$225-230,000,000 a year, far surpassing anything in history, and added:

"We can place the high production and the high employment that we have today on a firm foundation of enduring prosperity and peace."

Four "C's" Dangerous

But threaded through the 30-000 word document were four "C's"—Corn, coal, construction and commerce overseas—named by Mr. Truman as developments which mean that "inflationary problems may become stronger."

Terming price reductions, still necessary in many areas, the president said they must be swamped in a wave of speculation caused by the forecast of a short corn crop or by a wave of new wage and price boosts pegged to John L. Lewis' coal contract settlement.

### WARTIME SCIENTISTS SAID INSTRUCTORS AT 'COMMUNIST' SCHOOLS

UN-AMERICAN ACTIVITIES COMMITTEE TOLD MANY THREATS SEEN TO U.S.

WASHINGTON, July 21.—(AP)—Walter S. Steele told the House Un-American Activities committee today that Dr. Frank Oppenheimer and Dr. Lewis Balamuth, war-time experts on atomic power, have taught since at Communist schools.

Steele, who testified as chairman of the National Security Committee of the American Council of Patriotic, Civic and Fraternal Societies, said Oppenheimer recently instructed in "atomic energy" at the California Workers' School in San Francisco. He said Oppenheimer now is "at Minnesota."

Steele said Balamuth, formerly connected with the Manhattan atomic project, has been teaching the "rudiments" of atomic power at the Jefferson School of Social Science in New York.

Schools Said 'Communist'

The Communists, the witness said, maintain schools in America as tools of propaganda and agitation. He said the New York and San Francisco schools are the two largest.

Steele was the first of 14 witnesses scheduled for a week's hearings on Communist activity. He testified additionally:

There are some 5,000 Communist or members of Communist fronts in the United States.

The Communists are "pushing" for creation of a major, third political party.

Other Schools Claimed

The Communists have established schools in Hollywood, Boston and Cleveland, in addition to those at San Francisco and New York.

The San Francisco and New York schools are on the government's approved list for G. I. educational benefits, as a result of state certification.

He gave this breakdown of the schools:

### STATE TAX HIKE TO 72 CENTS

AUSTIN, July 21.—(AP)—A state ad valorem tax rate of 72 cents on the \$100 valuation was set today by the automatic tax board.

This compares with the current 37 cents.

Taxes under the new rate are payable, beginning Oct. 1.

The rate breaks down to 100 cents on the basis of \$100 valuation for general revenue fund support, 35 cents for the available school fund, and two cents for the Confederate veteran pension fund.

### NEW STATE BOARD IS CONSIDERING BURIAL ASSOCIATIONS' RATES

PANEL TAKES OFFICE IN AUSTIN, PLANS TO SET LEVEL FOR SERVICES

AUSTIN, July 21.—(AP)—Six members of the newly-created State Burial Association rate board were inducted to office today and immediately plunged into a searching study of burial association rates.

"Prior to passage of House Bill 85 (that creating the board) we found on examination that many burial associations in Texas were operating on inadequate rates to the maintenance of the industry," said George B. Butler, chairman of the board of insurance commissioners and ex-officio chairman of the new board. It was created by the 50th legislature.

The board's immediate objective is to set rates which will be adequate for associations to prevent insolvency "and yet not making rate too high," he said by the public," Butler added.

Members of the board, sworn in at a ceremonial in the office of Gov. Beauford H. Jester by Associate Justice J. E. Kiever of the state supreme court, were:

W. W. Rix of Lubbock; Harris Skinner of Edinburg; Marvin Shannon of Fort Worth; Grady Fry of Paris; J. E. Kiever of Austin; Tom Welch of Longview.

## EUROPE CHOOSES

When Molotov said that the Marshall plan for the rehabilitation of Europe would lead to American interference in international European affairs, what he undoubtedly meant was that it would lead to interference with Russia's aim of gathering all Europe within the net of Communism.

The ghost of Hitler must be laughing a sinister laugh for the break between Russia and the other allies means, after all, a German victory. Reports from Germany show that this old technique of the Nazis, to divide and rule, is still the dream of countless Germans. They leave no stone unturned to fan the easily-bred suspicions of Russians on the one hand toward Americans, English and French in occupation zone affairs and incidents, and of the others toward the Soviets.

But the die-hard spirit of Nazism and the non-cooperative Soviets have reckoned as yet too soon. American aid, forced to defend the idea of democracy in war, was powerful. It must look pretty real still to countless Europeans who know now that Russian Communism means merely another form of despotism they have learned to hate. They must realize too, from what Mr. Kevins said, that England is still fighting. They know how England can fight.

The withdrawal of Russia from the proposed co-operative plan to restore Europe may split that unhappy area, may mean the beginning of a new, as yet unforeseeable era on the continent. But America, Britain and France are going ahead anyway. Europeans must make a choice.

Some of the nations which have chosen to go with Russia have done so willingly. Some have made their choice under duress. Most Czechoslovaks are not very happy right now. But, they say, "What could we do?" The Russian Politburo will have something to answer for, one of these days.

Here is the sobering realization on the part of the men entrusted with management of atomic energy that the great complex body of knowledge on this subject must be kept up to date, must be worked on continually. There is evidence, too, of as great interest in all this from the point of view of civilian safeguards and civilian health benefits as from any purely military aspect.

The discoverers have played their role. The time has come when the younger generation, those whom the war has left alive, must carry on the work begun when those tremendous forces were loosed at Hiroshima.

**ABOUT GARDENING**  
All this I know: a garden makes blisters and many muscle aches. From planting blue delphinium. A weevil vertebra may come. The weeds with fury to attack disturb the sacrificial. From wetting feet with garden hose. Pneumonia, single, double grows. Then, as his roses, white and red, The gardener plants himself in bed. The climbing rose has thorns to tear with. But rheumatism's worse to bear with. So, gardeners, when you are hoeing Be sure it's flowers, not pains, you're growing. A garden is a thing of beauty; To guard it is man's bounden duty; Give it consideration prayerful; But if you must, be careful! When work you must, be joyful go to it. But never, never overdo it!

## FAMILY COURT

A group of Juvenile Court judges, meeting in Chicago to discuss their problems, were addressed by Judge Elwood F. Melson of the Family Court of Wilmington, Delaware. Judge Melson made the statement that 85 per cent of juvenile delinquents are neglected children whose parents give them no support, supervision or discipline.

The judge said that during the two years since the formation of the Family Court in his county, the number of commitments to three juvenile correction institutions has been reduced 18, 20 and 25 per cent respectively. He also advocates a program for families which would provide for close cooperation between home and school, common interests for parents and children, and regulation of hours and spending money.

The functioning of such a court should be good not only for the child who has broken laws, but for his parents, as well. If, under its direction, instead of spending their evenings in the corner juke-joint, they stay at home to help the children with their homework, winding up with a lively game of rummy and maybe some home-made ice-cream, they might be surprised to find they had a fine time. Children or adults from families that work together and play together seldom get into trouble.

Now some people are saying that Americans are the most ignorant people in the world, as regards geography. All-right—buy everybody a geography and teach him to read it. Or do a little traveling by radio or movies. Or by books.

Parents of Daughter

Mr. and Mrs. Guy Hardin Jr. are the parents of a daughter, Emma Grace born Friday afternoon at the P&S hospital. Her birth weight was five pounds eight ounces.

The maternal grandparents are Mr. and Mrs. J. B. Stout, Esquire. The paternal grandparents are Mr. and Mrs. Guy Hardin, Sr., and the great-grandfather is John Hardin.

Constructing Water Line.

Private property owners are installing a water line that extends from city mains in a northwesterly direction to the L. I. Griffin home near the White's Chapel Community Center. It was started today.

The line is being laid along the right of way of Highway 22 near the north grader ditch, and is said to be a six-inch affair a portion of the distance and three-inch size the remainder.

The city of Corsicana is to provide water for the new line, but it has been pointed out that private owners are paying for the installation.

## Revival Opens At Dresden Methodist

A revival meeting opened Sunday evening at the Dresden Methodist church with the Rev. Marvin Bledsoe, pastor of the Central Methodist church of Corsicana, doing the preaching.

Rev. Joe McAfee, pastor of the church, is conducting the singing. The meeting continues each night throughout this week.

The Rev. Mr. McAfee will do the preaching at the Brushie Prairie Methodist church revival, beginning next Sunday night and at Mt. Zion church near Navarro Mills beginning August 8.

On Summer Cruise.

Midshipman Gerald F. Smith, son of Francis W. Smith of 1441 West Park avenue, Corsicana, of the U. S. Naval Academy, Annapolis, Md., is participating in an extended summer training cruise to Europe aboard the aircraft carrier USS Kearsarge.

The cruise, first to be made to Europe by midshipmen since 1937, began June 23 at Rosyth, Scotland, and includes Copenhagen, Denmark; Oslo, Norway; Göteborg, Sweden, and the English ports of London, Portsmouth, Weymouth, Plymouth, Greenwich, and Woolwich, as ports of call.

Near Tragedy Averted.

A near tragedy was caused by reckless driving early Friday morning. Sheriff David Castles disclosed.

A truck, attempting to pass a car on the Chambers creek slough bridge, was forced into the side of the bridge, tearing off two of the concrete posts and cracking others.

No injuries were reported by the sheriff. The trailer of the truck struck the bridge and the driver was unable to stop the vehicle for approximately 300 feet. The motorist did not stop.

## Damages Sought As Result Of Injuries

Edna Mae Gofney, aged 44 years, of Houston, entered suit here Friday against Louis J. Territo, doing business as the City Bus Lines, for damages aggregating \$25,250.

The suit was brought for damages allegedly sustained by the plaintiff at the intersection of Fifth avenue and North Beaton street, June 1, this year, as the plaintiff was walking across the avenue. The petition says that a bus owned by the defendant struck her, knocked her down, inflicting serious injuries.

Homer Wilbanks was said to be the operator of the bus at the time of the mishap.

Damages sought are \$25,000 and the \$250 is for medical expenses and service.

The petition also said the plaintiff is sometimes referred to as Edna Mae Gofney and Edna Mae Jackson.

### IS SUPERINTENDENT OF ENNIS SCHOOLS

James F. Gardner has been named superintendent of the Ennis public schools, succeeding J. D. King, who resigned to become superintendent of the Brownwood schools. A. B. Roach was named principal of the Ennis High School.

Gardner had been principal of the High School since 1942.

Graduating from East Texas State Teachers College in 1929, he taught in Ennis in 1929 and 1930, and for the next eight years was head basketball and assistant football coach at Corsicana High school.

Returning to Ennis, he was in the automobile business three years and in 1942, he became coach at Ennis and principal the following year.

## Fair Exhibit From East Texas Planned

The East Texas Chamber of Commerce exhibit at the State Fair of Texas, featuring regional industry in miniature, was presented to a small group of Corsicana manufacturers at a meeting Monday morning at the Chamber of Commerce.

John N. Guild, manager of the industrial department, East Texas Chamber of Commerce, and Jack C. Isom of Kansas City, owner of the Isom Company, manufacturers of the photoettes which will be used in the exhibit, explained plans for the October display.

Photographs of a manufactured product are superimposed on wood and carved by machinery. The finished product, with a base, giving the name of the manufacturer, will be grouped in its particular town for the State Fair showing.

Guild expressed hope all of the Corsicana manufacturers would join in presenting industrial products.

The miniatures cost \$25, including the photoettes itself, display at the fair and attending publicity. A representative of the company will contact Corsicana manufacturers within the next week or so. It was announced at the session.

## Constructing Water Line.

Private property owners are installing a water line that extends from city mains in a northwesterly direction to the L. I. Griffin home near the White's Chapel Community Center. It was started today.

The line is being laid along the right of way of Highway 22 near the north grader ditch, and is said to be a six-inch affair a portion of the distance and three-inch size the remainder.

The city of Corsicana is to provide water for the new line, but it has been pointed out that private owners are paying for the installation.

## FARMER BAPTIST REVIVAL MEETING TO BEGIN FRIDAY

A revival meeting will begin at the Farmer Baptist church on Friday night, July 26, and continue over August 2. There will be services twice daily, at 10 a. m. and 8 p. m.

Rev. Bill Griffith of Kingsville will do the preaching and Mr. and Mrs. Roy Holcomb will have charge of the music. Mr. Holcomb leading the singing and Mrs. Holcomb playing the piano, assisted by local singers.

The public is invited to attend and take part in all the services. There will be an all-day working at the church Thursday, getting ready for the meeting. Night services outdoors on the church lawn and day services in the church. The church bus will make the rounds, bringing in all who have no way to night services. Committees have been appointed to take a religious census.

## MRS. LENA WOOD RICE FUNERAL SERVICES TUESDAY MORNING

Mrs. Lena Wood Rice, aged 88 years, long-time Corsicana resident, died at her home, 509 North Main street, at an early hour Monday.

Funeral services will be held from the McCammon Funeral Chapel Tuesday morning at 10 o'clock with interment in Oakwood cemetery. The rites will be conducted by Rev. Andrew Byers, pastor of the First Presbyterian church, of which Mrs. Rice had been a member for many years.

A native of Virginia, Mrs. Rice came to Corsicana early in life. She was the widow of the late John Rice and the sister of the late Frank P. Wood and James Wood, pioneer Corsicans.

Surviving are four nieces, Mrs. Cullen Dunn and Miss Caroline Wood, both of Corsicana, and Misses Marion and Helen Rouse, both of New York City, and two nephews, Dr. Peyton Rouse, New York, and Roland Stittler, Amarillo.

Bearers will be Dr. L. C. Polk, H. O. Bladning, F. C. Paul, Allen Edens, Sr., Jim Roxburgh and John C. Hughes.

### Prescriptions Filled Promptly

By W. P. BROWN  
Of Johnson's Pharmacy

The modern drug store resembles the little chemist shop of long ago in only one respect—the compounding of prescriptions with fresh effective drugs is still considered by the pharmacist the most important part of his business.

Cosmetics and drugs displayed and sold in the modern store have been added through demand, or for the customer's convenience. . . . But it is when the pharmacist compounds a prescription that he feels he best serves the community, by doing the job for which he was trained.

Note the improvements made by medical science, pharmaceutical houses, and pharmacists in the defeat of disease.

By CHARLOTTE ADAMS  
Veal and Noodles Keep Company

Jellied Consomme  
Viennese Noodles  
Buttered Peas  
Celery and Green Pepper Salad  
Cottage Pudding with Butter-scotch Sauce

(Recipes Serve Four)  
Veal Paprika and Viennese Noodles

1 1/2 pounds veal steak	1 tablespoon butter or margarine
1 teaspoon salt	1/2 cup sour cream
1/2 teaspoon freshly ground pepper	1 teaspoon paprika
1 clove garlic	Viennese Noodles
1 1/4 cups water	

Cut the veal into two-inch pieces and sprinkle with salt and pepper. Cook garlic in the butter or margarine for three minutes. Add the meat and sear on all sides until light brown. Add the water, cover and simmer over a very low flame for one hour. Add the cream and paprika. Remove garlic and reheat.

### Viennese Noodles

1 package wide noodles	1/2 cup chopped Brazil nuts
1/2 cup butter or margarine	1 teaspoon poppy seeds

Cook noodles in boiling, salted water for ten minutes, then drain. Melt one tablespoon of the butter or margarine and add chopped nuts and stir over low heat until light brown. Add remaining butter or margarine, noodles and poppy seeds and stir lightly until thoroughly heated.

## It Happened 25 Years Ago Today

(From the Files of the  
Corsicana Daily Sun)

This was the day before election and the Daily Sun was making plans to handle the compilation of results with additional wire services arranged to tie in with the Texas Election Bureau.

In a windup oratory battle at Blooming Grove R. R. Owen and J. T. Stroder debated their causes in the close of the race for state representative.

The Fred M. Allison Park and the Baseball Park were being considered as sites for the coming county fair. Walter Fendley was chairman of the buildings and grounds committee.

Chargemen at the dance held at City Park at which Jimmy Joy's orchestra from Austin played were Mrs. J. M. Dyer, Mrs. J. D. Cunningham, Mrs. Luther Johnson, Mrs. W. T. Shell, Miss Bertha Zadek, and Mrs. W. M. Peck.

Local theaters were charging five cents (5c) for children and ten cents (10c) for adults in this inflationary season when oil was making the dollar a common sight.

## Military Leave For Railroad Employees

Eleven major railroads are providing military leave to employees so they can attend National Guard camps this summer. Capt. J. C. Gaston, public relations officer of the headquarters detachment, 133rd FA battalion, announced.

The Burlington Lines is the only local road that is entering into the program, according to a dispatch from the adjutant general's office. The Texas camp will be held at Camp Hood from Aug. 10-24.

The military leave plan means that the railroad pays the difference between the National Guard pay and the civilian pay and still allows the vacation.

Civil service employees, some state employees, and employees of several large industrial and oil companies in Texas are granted military leave.

## Hospital In Need Of Additional Cigarettes

The Veterans' Administration through its Waco hospital has asked and received a higher allocation of cigarettes from the Brazos Council of the American Red Cross, of which the Navarro county chapter is a part.

Mrs. Mary Simpson, executive secretary, and Mrs. Jane Jester Chilton, chairman of the community service, camp and hospital committee, have returned from a meeting at the hospital, and reported the VA asked the cigarette appropriation be increased to \$147 monthly.

The amount is prorated among the 14 chapters in the council.

## SUNDAY RITES FOR JAMES R. STEWART; BURIAL AT PURSLEY

Funeral rites for James R. Stewart, aged 63 years, filling station operator, who died at his home, 417 West Second avenue, Friday night were held Sunday afternoon at 3 o'clock from the Corley Funeral chapel. Interment was conducted by Claud Guild, minister of the Fifth Avenue Church of Christ.

A native of South Carolina, Stewart resided at Pursley a number of years before he moved to Corsicana about 80 years ago.

Surviving are his wife of Corsicana; two sons, Ferra C. Stewart, Corsicana, and Mace C. Stewart, head football coach at Longview High School; a daughter, Miss Wilma Stewart, Corsicana; a brother, T. E. Stewart, Streaman, seven sisters, Mrs. W. W. Bankhead, Mrs. B. B. Granger, Mrs. W. D. Roberts and Mrs. G. C. Chambers all of Corsicana; Mrs. Minnie Higgins, Pursley; Mrs. Annie Adams, Round Rock, and Mrs. Susie Reed, Dallas; several grandchildren and other relatives.

Bearers were O. T. Nutt, Lee Mahoney, W. D. Roberts, Grover Chambers, W. Y. Bankhead, Roy Ivey, B. B. Granger and J. H. Trone.

## Dr. A. W. Rogers On State Health Board

Dr. A. W. Rogers, Corsicana dentist, was sworn in for a six-year term on the Texas State Board of Health Monday morning. The oath was administered by Tom L. Tych, local attorney.

Dr. Rogers, the only dentist on the nine-man board of health, originally was appointed four years ago by Governor Coke R. Stevenson. He filled the unexpired term of Dr. Elliott of Houston who resigned to become dean of the University of Texas Dental College. Dr. Rogers was recently re-appointed to the post by Governor Beauford H. Jester of Corsicana for the full six-year term.

## Big Treasure Hunt Under Way In County

There may be gold in these hills of blackland and not black gold—real "yaller" gold.

Two lodes have been reported in the county, but their discoverers are keeping the location secret, hoping to avert a Navaho Klondike and an exodus of the population.

One report from a reliable source has a \$60,000 treasure somewhere in the northeast part of the county.

The rumors, running riot at the courthouse, have the miner in the northeast sector contracted to a California concern for a metal testing machine that will probe 23 feet below the surface.

The gold rush is on!

## CORPORATION COURT

At the usual week end rate of \$10 per drunk the city should have been \$90 richer this hot, headachy Monday morning. The police department over the week end jailed 417 on charges of drinking too much too publicly.

A negro was held on an assault charge following arrest Sunday on charges that Saturday night he applied fists to a negro woman. The negro came from South Carolina.

The police department Sunday investigated a minor wreck at Main and Eighth avenues. Earl E. McKnight, 906 West Nineteenth avenue, driving a 1941 Chevrolet pickup truck, and Kenneth Douglas, 804 South Main street, driving a 1938 Ford, figured in the crash, police said.

One man faced a charge of operating a car with too much muffler, not enough brakes.

Police Chief Bruce Nutt and Patrolman Kelsey Blakney arrested a negro who Friday drove away in a 1940 Ford, after telling a second-hand car dealer he wanted to "try it out first." The car was recovered.

Officers Powell, Wiswell and Frank V. Chapman, Jr., watched two boys remove an exhaust pipe extension from a car parked near the Vogue cafe on South Beaton Saturday night, arrested them as they completed the job.

an exception. We see no reason why Dr. Newton should be an exception. He has had fair trials—more than average.  
Homer Hunt, brother of Dr. Roy Hunt, contested the allegation by petitioners that Dr. Newton is "indispensable" in the community when he serves as a physician.  
"When my brother was shot down like a dog, his hospital was full of patients but that hospital went right along without him. Nobody is indispensable," he said.  
"If you're going to hold a popular election in this pardon request, we can get you 100,000 signatures of people opposed to the pardon," Mendel told the board.  
District Attorney Harold M. LaFont of Plainview reviewed the case in part for the board. Mr. and Mrs. A. G. Hunt, parents of Dr. Hunt, and Harvey Hayes, their son in law, were also present.  
Board Chairman Abner Lewis excluded from the hearing any proponents for the pardon, but promised that "all will be heard who have anything to say" before the board decides the issue.  
He said the board hopes to have a decision "before the first of next week."

GREECE

Dispatches today from Salonika said 400 guerrillas had attacked Mousies, 25 miles north of Salonika, at dawn yesterday but were repelled by Greek commandos who killed 10 before the remaining guerrillas fled across the Yugoslav border two miles away.  
Army casualties were two killed and two wounded.  
Other dispatches said 300 guerrillas raided a police station at Mesahori, about two miles south of the Yugoslav border and 11 miles northeast of Philorina, where Greek authorities said they have feared a possible "invasion."  
Meanwhile, the United Nations subcommittee investigating Greek border disorders announced that it planned to visit Koinitsa to inspect the areas where guerrilla forces launched their first big attack against government forces eight days ago.

The British army was ordered to lock in the Jewish quarters here from 7 p. m. to 5 a. m. daily "until further notice."  
Some 50,000 Jews in Haifa already were under a similar curfew. About 15,000 of them have been under martial law for a week as a result of the kidnapping of two British army sergeants.  
Fear of repercussions for the deportation from Haifa of 4,500 or more uncultured Jewish refugees of the Exodus of 1947 was reported to be the reason for the extended curfew.  
Hebrew newspapers this morning headlined in heavy black type a story that the refugees were being sent back to France.  
The death toll in the last 48 hours included a British policeman ambushed in Haifa Saturday night, a British soldier, blasted to death near Natanya Sunday afternoon, and a Jewish civilian fatally wounded while participating in an attack early today on the Stella Maris army signals camp near Haifa.  
An official government announcement said two British soldiers and one British policeman and an Arab civilian were seriously injured during the two-day period.

Britons Blamed For Burmese Massacre

LONDON, July 21.—(AP)—Tom Driberg, labor member of parliament, charged today that "comfortable, conservative gentlemen" in England bore moral guilt for the Burmese massacre.  
Driberg asked Prime Minister Attlee in the house of commons if he would keep in mind that "the moral guilt for the assassination attached less to the brutal gunmen in Rangoon than to comfortable, conservative gentlemen here who incited U Saws to treachery and sabotage."  
U Saws, former Burmese premier, and more than 200 other Burmese have been detained in connection with the shootings, in which U Saws' political foe, U Aung San, deputy chairman of the Burma executive council, and his associates were slain.

STEEL

CONTINUED FROM FIRST PAGE  
from the steel corporations assert that 80,000,000 ton will be enough for the next five or ten years.  
"If (their) plan is carried out it will mean 14,000,000 workers unemployed by 1950. It will mean that 2,000,000 of the 7,000,000 motor vehicles we probably shall want to buy in that year cannot be produced. It will mean that some 200,000 auto workers will be thrown out of their jobs."  
Wilfred Sykes, president of the Inland Steel Corp. of Chicago, told the committee several weeks ago that the probable demand in 1950 will be for 56,000,000 tons of ingots, or unfinished steel.

**Are You Making \$16<sup>10</sup> Profit On A 200-Pound Hog?**  
It can be done! With today's high prices on pork, many farmers on the Purina Plan are able to make \$15.20 in profit over feed cost on every 200 pounds of pork they take to market. And here are the figures to show that it can be done!  
If hogs sell at \$25.00 ... corn costs \$2.50 bu. ... and Pig and Hog Chow, \$6.40 a bag.  
100 lbs. Pig and Hog Chow at ..... \$6.40  
11 bushels corn at \$2.50 ..... 27.50  
Total feed cost ..... \$33.90  
Money received for 200 lbs. pork ..... \$50.00  
Cost of feed to produce 200 lbs. pork .. 33.90  
Profit over feed costs ..... \$16.10  
With opportunities like this, you're wise to choose the ration that builds fast growth. Purina Pig and Hog Chow helps produce the results you want ... helps you make the early high market. So, come in and buy for profitable feeding this year ... get the famous Chow in the Checkerboard bag for lots of pork—Purina Pig and Hog Chow.

## MORE OIL PIPELINE, STORAGE FACILITIES DUE IN LOCAL AREA

By PAUL MOORE  
Daily Sun Staff.

Additional pipeline and storage facilities are being added to the extensive Magnolia Pipeline Company holdings in Corsicana to make this one of the most important points in the concern's vast network of oil conveyors.

A few years ago, a new foundry and machine shop was constructed near the pump station on the South fifteenth street holdings, and the present time, four 120,000-barrel storage tanks are being constructed to augment the storage facilities provided by the farm of tanks of smaller capacity.

These will be the first tanks of that capacity erected in this section, although many are found on the Texas coast. Several new tanks have been erected this year.

The biggest pipeline, however, to come through the maze of petroleum arteries converging here is completed into Corsicana, some time in August if the present timetable is maintained and inclement weather and other conditions that will hinder the work are not encountered.

This new line will be a 20-inch affair, capable of sending 100,000 barrels of crude oil by a given point with the present and contemplated pumping stations.

Starts Here.

It begins in Corsicana and extends to Patoka, Ill., a distance of 649 miles, via Athens, Mt. Pleasant, Hot Springs, Ark., Donahue, Mo., and other points. The huge Corsicana pump station will start the load toward the Northern and Eastern points. At Patoka, the new artery will intersect East and West pipelines, local to refineries in St. Louis and Eastern points.

Pump Stations.

Three new pump stations will be constructed on the new line. After the load is started from the Corsicana station, another unit will be erected at Foreman, Ark. A second new station will be constructed at Conway, Ark., and the third at Donahue, Mo.

The Oklahoma Construction Company has four of the six contracts, including the 109-mile section from Corsicana to Mt. Pleasant.

The work has been completed from Mt. Pleasant to Athens, and the remainder of the distance to Corsicana is being rushed to completion.

30 Cars of Steel.

Thirty cars of steel pipe have been unloaded in the local Southern Pacific Lines yards, according to J. R. Cuthbertson, local railroad agent, and about 40 more cars are due—six or eight per week.

A spokesman for the pipeline company said that the line being put down east is being shipped to points on the Cotton Belt System—at Athens and nearby points—while the remaining distance will be supplied from Corsicana.

It is understood that the contractors are expected to turn the new job over to the pipeline concern during the spring of 1948.

Ten Pipe Lines.

The new line is the tenth one that touches Corsicana for the Magnolia Company. (Several other companies operate pipelines in Corsicana, the original oil center of the territory west of the Mississippi river.)

Magnolia operates two lines into the West Texas sector—Midland, where branch lines converge; four south that ultimately reach Beaumont where one of the bigger refineries of the concern is situated, one into the East Texas oil area, stopping at Kilgore, while two go north to Oklahoma City, Okla. Shorter and feeder lines proceed in all directions from various points to tap production in the myriad fields throughout Texas and other states served by this concern.

Fair Catalogue.

The catalogue for the annual Corsicana Livestock and Agricultural Show will be ready for the printer early next week, Herman Brown, manager of the Chamber of Commerce, said Friday.

Brown has been assembling data for the publication for several weeks.

## Improper Canning Methods Blamed For Many Losses

Improper canning methods, estimates the U. S. Department of agriculture, was responsible for the loss of a million and a half dollars in home-grown low-alid vegetables in one recent year.

The Bureau of Human Nutrition and Home Economics in the department has been working for three years to develop new directions for canning. Times of processing are shorter in many instances, so that pressure canning may be done in less time with better flavor and texture in the canned product.

Home canners have been reminded to have pressure gauges on their cookers checked by dealer, canner manufacturer, home demonstration agent or the home service department of a public utility.

Only young, tender vegetables should be selected for canning, and these should be thoroughly cleaned. No more should be prepared at one time than the pressure canner can take care of.

Canners should use one-half teaspoon salt for pint jars, and one teaspoon for quart. No. 2 tin cans require one-half teaspoon salt, while No. 2 1-2 requires one teaspoon. Half as much for spinners is needed.

Home canners are further reminded for every 2,000 feet above sea level to add one pound pressure for every 10 pounds ordinarily used for processing.
